The number of ExitCare documents has increased by 63 new English titles (including 30 new Easy-to-Read titles), 13 new Spanish titles, 2 new Russian titles and 2 new Portuguese titles this Quarter. We will continue to add titles to all of our languages. Based on our extensive editorial review guidelines, our documents continue to be reviewed by physicians medical professionals who are specialists in their fields, by Medical Risk Management experts, and by experts in technical writing to make our documents as medically complete and as easily understood as possible. The end result of this review process are documents listed below which reflect a variety of revisions that were undertaken. This process is ongoing and will continue throughout each quarterly release. If you would like more detail on the 1,033 revisions listed below, please contact John Kroger at johnk@exitcare.com.
